# RÚBEN TADEIA

## DevOps Engineer

🌐 linktr.ee/elfpenguin    💼 rubenmtadeia    🌐 comfypenguingames.com

## EXPERIENCE

### DevOps Engineer
**Blip**

📅 July 2022 – Ongoing          📍 Porto

- Orchestrating and optimizing deployments using Terraform
- Streamlining CI/CD pipelines through Buildkite and Jenkins
- Managing and scaling AWS services, with a keen focus on Amazon Managed Streaming for Kafka (MSK)
- Automating tasks and building tools using Python scripting

### System Administrator & DevOps Engineer
**NOS**

📅 February 2020 – July 2022          📍 Campo Grande, Lisboa

- Automated deploys with Jenkins. Configured Networks using F5. Used CI/CD Tools to improve the deployment process. Built an API for password storage and consulting using Python.
- Built a Secure FTP from scratch.

### Software Developer & Data Analyst
**NOS**

📅 November 2019 – February 2020    📍 Campo Grande, Lisboa

- Developed some code to migrate customer data into Redis and Django Databases.
- Used Streamsets to manipulate data and send it to message queues. Reducing deployment time.

### Software Developer
**COLLAB**

📅 July 2019 – November 2019          📍 Parque das Nações, Lisboa

- Developed call center applications and infrastructure in C#, .NET, T-SQL, reports, and more for individual customers.
- Tested Restful APIs with Postman and Soap UI.
- Travelled to Barcelona to work on-site with a customer for 1 month.

## A DAY OF MY LIFE

## LIFE PHILOSOPHY

*"Run your own race. Who cares what others are doing? The only question that matters is 'Am I progressing?'"* - Robin Sharma

## MOST PROUD OF

🏆 **Online Courses**
Learn To Create A Roguelike Game In Unity

Unity 2D RPG: Complete Combat System
Terraform for AWS - Beginner to Expert

💓 **Game Development**
Working on Game Development on spare time since February 2023

📈 **Mentoring**
Eager to guide and teach young learners and share knowledge

## EDUCATION

**M.S. in Electrical and Computer Engineering**

**Instituto Superior Técnico, Lisboa**

📅 Sept 2012 – June 2019

## AREAS OF INTEREST

Game Development    Game Design    DevOps    Automation    Programming    AI

## STRENGTHS

C#    Unity    Godot    Python    .NET

CICD    Jenkins    Ansible    Red Hat    BuildKite    SQL    Redis    Git    Vault
